First Snow Of Season

On Friday morning, November 17th, Appomattox received its first snow of the season and what a beautiful sight it was. Approximately two inches of the white flakes fell here in Appomattox.

The snow was "wet" and therefore clung to the trees and shrubs making a beautiful picture to look at, but did not impair traffic in any way. The crew of workers from the State Highway Department were out early and the clean-up job was completed in a hurry.

Homemaker Hints

Rebecca M. Johnson
Extension Agent

Plan now to attend the Appomattox County Extension Homemakers Council 1972 Achievement Day. It will be held Thursday, November 30, beginning at 10:30 a.m. at the Woodman of the World Building in Appomattox. There are several interesting talks planned for the meeting, so come and bring your covered dish for the luncheon. Each of the twelve clubs will have an exhibit of articles made by members during the past year.

Try this recipe for "Sour Cream Yule Cake."

¾ cup boiling water
⅜ cup corn meal
2 ½ cups sugar
1 cup butter or margarine
6 eggs
¾ teaspoon almond extract
2½ cups sifted all-purpose flour
½ teaspoon salt
¼ teaspoon soda
1 cup dairy sour cream

Pour boiling water over corn meal; set aside. In mixing bowl beat together sugar and butter until light and fluffy. Add eggs, one at a time, beating well after each addition. Add softened corn meal and almond extract. Sift together flour, salt, and soda; add to creamed mixture alternately with sour cream, beating after each addition.

Pour batter into greased and floured bundt pan or 10-inch tube pan. Bake in preheated oven (350°) for 1½ hours, or until cake tests done. Cool 15 minutes; remove from pan. Cool thoroughly; sprinkle with confectioners sugar. (put sugar in small strainer and gently shake over cake. This gives a smoother appearance and prevents lumps.)

This cake may make a good Christmas gift for a friend.

Speaking of Christmas, remember that many talented people here in Appomattox sell lovely handmade articles that are perfect for gift giving. And get your shopping done early; rushing around at the last minute can easily dampen the spirits of even the most enthusiastic shoppers!

Build a wall that looks just like brick. Without blood, sweat, tears or brick.

Bricklaying doesn't come easy to most people. But you can be an exception.

All you need is a little spare time and enough GAF Hearth-Glow Brick and mortar to cover a wall.

In a few hours you can put up a wall so real looking, any brick-layer would be proud to add it his own.

That's because our make-believe brick is all mineral and not plastic like some others.

That means it not only looks like brick it also feels like brick.

What's more, it's incredibly easy to use. Just apply the mortar to the wall and press the bricks into place. Once it's dry, each brick looks authentic.

So look for GAF Hearth-Glow Brick Wall Covering at any of the fine stores listed below. And leave the blood, sweat and tears to the other brick-layers.

Education Pays Off In Appomattox Co.

New York, Nov. 25 - The current and prospective earning capacity of Appomattox County residents has reached new heights.

It is linked to the fact that they are getting more schooling, before entering the labor force, than ever before.

And this, according to studies made at the University of Michigan, the Department of Commerce and elsewhere, is a crucial factor in determining how much salary a person can command, now and during the rest of his working career.

They show, in general, that a man who has had four years of college is currently making 45 percent more than a high school graduate receives 27 percent more than a person who has had eight years of elementary schooling and that those who have not completed the eight years average 26 percent less than those who have.

Residents of Appomattox County are presently getting a median of 9.4 years of education, the figures show. It is more than they would have received in former years. In 1960 the median number of years completed was 8.0

Locally, 26.4 percent of the male population and 31.3 percent of the female are high school graduates. Many of them have continued on to college.

The situation is quite different from that in some parts of the country. On the basis of figures from Washington, there are some 18,500,000 adults in the United States who cannot read and write well enough to fill out applications for social security, for a job or for a drivers license. Many others are completely illiterate.

As for the younger generation, they appear to have shifted their stance in the past few years. They are staying in school longer than they did in the recent past.

The added amount of schooling they have been acquiring, compared with ten years ago, places them in an advantageous position with respect to their counterparts in many sections of the country.

The increase, 17.5 percent,

Mayor Pack Parade Marshall

For the first time in several years, Appomattox will have a Christmas Parade, sponsored by the Appomattox County Chamber of Commerce.

The parade will begin on Friday night, December 1st, at 6:30 p.m. at the Fidelity National Bank, Hillcrest Branch, and will go down Court Street to Main Street, stopping there for Santa Claus to greet the children.

Santa Claus, of course, will be the main feature of the parade and he will have candy for all the children, compliments of the Jaycees.

The Junior Woman's Club of Appomattox will furnish toys for the children to go along with the candy given out by Santa Claus.

Henry Pack, Mayor of the Town of Appomattox, will be the parade marshall and will lead the parade. Following Mayor Pack will be the Appomattox County High School Marching Band and Majorettes.

A Holiday Schedule For Appomattox Post Office

Window service at the Appomattox Post Office will be expanded to provide service from 9 a.m. until 12 noon on Sat., Dec. 9 and Sat., Dec. 16. Window service at Pamplin will be normal which includes Saturday service from 8:30 a.m. until 12 noon.

Rural customers are reminded that stamps should be purchased in advance and placed on letters and cards before mailing. Carriers do not have time to perform this service during December and are not required to do so. Local cards and letters should be separated from those mailed to other post offices and bundles secured with twine or rubber bands. Please clear the approach to your mailbox after each snow. This is often overlooked, but it is very much appreciated by the carrier when it is done promptly.

Use zip codes on all mail and include your zip code as part of the return address. The return address will insure that all first class mail and parcels that are undeliverable will be returned.

Pack and wrap all parcels securely. Include a slip of paper with the name and address of addressee and your return address, inside the parcel just in case the outside wrapper gets torn or blurred.

The 8c rate will apply to all greeting cards, sealed or unsealed. Please mail all parcels by December 10 and all cards and letters by December 15.

All employees of the Appomattox, Pamplin, Spout Spring and Evergreen Post Offices are ready to help you with all of your postal needs and wish you the Happiest Christmas ever.

Appomattox County Agencies Unite For Consumer Health

by Rebecca M. Johnson, Extension Agent

On Wed., Nov. 22, representatives from local agencies met to make plans for implementation of consumer health information. Present were Mrs. Brenda Richardson, Public Health Nurse; Mrs. Mary C. McNeil, Service Worker; Mr. Eugene Peyton, Supt. of Schools, and Rebecca Johnson, Extension Agt. In charge of the meeting were Mr. Charlie Elliott and Mrs. Ocie Mack, Extension Agts for Consumer Health. Mr. Elliott and Mrs. Mack suggested ways in which health information could be best taught to children and adults in our county. The group decided on the following ways to disseminate the important health information: principals and teachers in the local school system, mass media (radio, television, and newspaper), personal contact by service workers and health nurses, and group teaching of health clinic participants, Extension Homemaker Clubs, and school students.

Mrs. Mary C. McNeil was appointed chairman for the local committee and Mr. Tim Lawing is secretary for the group.

A very interesting film on Sickle Cell Anemia was reviewed by the committee. This disease will be featured in a news article early next month, so watch for the facts concerning it.

The committee is striving to teach the public all about health, health care services, health insurances, and other related information. County citizens need to learn ways to save money on health services, and to keep themselves healthier.

If you are interested in joining the committee, or visiting at one of the meetings, please contact Becky Johnson (352-8244) or Mary McNeil (352-2331). Unite with us to form a healthier community.

WRITTEN UP IN LADIES HOME JOURNAL

At the regular visit of the Red Cross Bloodmobile in Appomattox at the Liberty Baptist Church from noon until 6:00 p.m. on Tuesday, there was quite a bit of activity going on and a large number of donors turned out to help with this County-Wide project.

Assisting the Red Cross nurses and some local nurses were members of the Appomattox Junior Woman's Club and other volunteers. Ladies from the Spout Spring Baptist Church furnished food and were in charge of the Canteen.

Mrs. Lucy Harvey is Co-Chairman of the Blood Program for Appomattox County and serving with her as Co-Chairman is Mrs. Ruby Ferguson, member of the Junior Woman's Club.

At the visit on Tuesday, 99 units of blood were needed to reach the quota and Appomattox County came up with 100 units at the visit, making this visit a success.
